## SUB CHAPTER H – Transfer Rule & Transfer Students

---

### SECTION 240 – TRANSFERS

#### A. Purpose of Transfer Rules. The TAIAO rules on transfer;

1. Have been developed to protect student participation in TAIAO activities, events and contests;
2. Are intended to deter transfers by a student from one Member Organization to another based on monetary incentives;
3. Are intended to be designed to protect students who have previously participated in interscholastic competition at a Member Organization from being replaced by students who transfer for athletic or financial reasons, including the effects of student or family shopping for schools or being recruited for athletic purposes; and,
4. Are to encourage fair play, discourage the abuse of overenthusiastic promotion of Member Organization programs, and to protect the integrity of interscholastic athletic programs for both Member Organizations and TAIAO.

#### B. Transfer Form.

1. **Full Transfer.** To be used in the case of a student leaving one Member Organization with the intention of not returning to that Member Organization
2. **Limited Transfer.** To be used in the case of a student transferring to another Member Organization for an athletic, academic or fine arts opportunity not offered at the student's current Member Organization. Any student who is approved for a Limited Transfer must participate with the original Member Organization for all other athletic, academic or fine arts contests, events or activities or go through the regular TAIAO full transfer process.

#### C. Transfer Procedures for Previous Participation.

1. If a student participated in a TAIAO sponsored contest, event or activity during the previous season at either the sub-varsity (JV) or varsity level **at another Member Organization**, and that student wishes to transfer to a new Member Organization; that student must complete the appropriate TAIAO Transfer Form and have it approved by the TAIAO Committee providing oversight for the contest, event or activity in question before the student can compete at the varsity level in at the new Member Organization.

5. In the event an objection is raised, the student will not be eligible to participate until the meeting is held and eligibility affirmed.
6. Denial of eligibility will be based on objective findings only. If there is not a violation of TAIAO requirements, eligibility will not be denied to preserve an athletic advantage over a Member Organization.

  8. The decision of the Steering Committee is final.
- D. Home School Students.** Home school students, by nature, have more options to affiliate with multiple organizations in respect to their athletic and academic objectives. Home school students are strongly encouraged to NOT transfer from one Member Organization to another for the purpose of gaining a competitive advantage in any given contest, event or activity. An affiliation with another Member Organization involving any contest, event or activity shall be viewed as at least a “limited transfer” for that student. For example, if a student played baseball at Member Organization A and now desires to play football at Member Organization B; the student would need to submit a transfer request for Member Organization B from Member Organization A.
- E. Transfers from Non Member Organizations.** If the new student transferred from any school (public or private) or home school organization on or before the transfer deadline, the student shall be eligible to compete in Varsity contests upon satisfactory completion of the transfer form and approval by the appropriate TAI AO committee.

- G. Late Transfers.**
1. Students who are not enrolled and in attendance at the Member Organization prior to the transfer deadline may NOT participate in Varsity athletics, academic or fine arts contests, events or activities until the next TAI AO season. The student may practice and participate on the Sub-Varsity level during this time.
  2. In the event of a “late transfer” (i.e. after transfer deadline), a Member Organization may petition the TAI AO Committee supervising the contest, event or activity in question to request an exception to the general rule of no transfers after the deadline for Varsity competition. This request shall be completed in writing, submitted to the appropriate TAI AO Committee and a meeting will be held to present the student and the circumstances that would create such a need. The TAI AO Committee will review the request and make a final determination.

- b. Transfer to the new Member Organization when the coach changes and be ineligible for varsity athletics for one year in the contests, events and activities coached by that coach.

**I. Ineligible at Previous Organization.**

If a student has been removed from a team or a contest, event or activity by the previous organization, school or school district, the Member Organization to which the student wishes to transfer shall determine the student's eligibility to participate in varsity sports in accordance with its published guidelines and TAIAO transfer rules.

- J. Exceptional Appeals.** In the event a Member Organization has an exceptional case for a student and would request it be considered, that Member Organization may set up a meeting with the TAIAO Committee supervising the contests, events or activities in question to present its case (both written and verbal) as a matter of exception. The appropriate TAIAO Committee will originate a recommendation and forward it, along with supporting materials, to the Steering Committee for final determination if the student is allowed to participate in Varsity competition for the current season.
